<b>Processing Policies</b>	<b>Posting Order - How the bank processes your transactions</b>	<b>Deposit Hold Policy - When funds deposited to your account are available</b>
	<p>In general, Eastern Bank posts items in the following order:</p> <ul style="list-style-type: none"> <li>• Fees for reversed items</li> <li>• All Credits</li> <li>• Most Debits (other than check and automatic withdrawals)</li> <li>• Checks</li> <li>• Automatic Transfers</li> <li>• System generated transfers</li> </ul> <p>The order in which the Bank posts items to your account affects your available balance. You may be able to avoid overdraft fees if a deposit of available funds is posted before ATM withdrawals or debit card transactions that brought your account balance below zero that day. You should monitor your available balance and make sure you understand how items are posted and when deposits become available. (Please see the back of this document for additional detail)</p>	<ul style="list-style-type: none"> <li>• Cash deposit with teller: same business day</li> <li>• Cash deposit at ATM: same business day</li> <li>• Check deposit with Teller: 1-2 business days</li> <li>• Check deposit at ATM: 1-2 business days</li> <li>• Direct deposit: same business day</li> <li>• Wire transfer: same business day</li> <li>• If something causes a longer hold on a deposit, the first \$200 of that deposit will be made available either the same business day or the next business day.</li> <li>• Funds from non-bank checks may take an extra business day to become available.</li> </ul> <p>A "business day" is a non-holiday weekday. The end of a "business day" varies by financial institution and by branch. At branches, business days may end no earlier than 2 p.m. and at ATMs business days end no earlier than noon.</p>

# Posting Order

The chart below describes the order in which we post transactions to your deposit account, which is known as our "Posting Order". At the end of each business day, Eastern Bank processes the transactions that have occurred on your account since the previous business day. When we "post" transactions, we "credit" (or add) deposits and "debit" (or subtract) withdrawals and fees.

Deposits are marked "pending" until they are "available" (see the Bank's Funds Availability Policy for more information about when deposits become available). If you have made a deposit that is not yet available, your "account balance" will be higher than your "available balance."

The order in which we post transactions to your account affects your available balance. For example, we post your deposits before your withdrawals. So you may be able to avoid overdraft fees if a deposit of available funds covers ATM withdrawals or purchases that brought your account below zero that day.

We group transactions into categories and post all of the items in one category before moving to the next. As a result, items do not always post in the order in which the transactions occurred.

Here is the order in which we post your transactions:

Category	Transaction Type	How they are posted.
1 <sup>st</sup>	Returned Item Fees for reversed transactions	Fees charged for transactions reversed for insufficient funds are posted in the order in which the reversed items are posted.
2 <sup>nd</sup>	<ul style="list-style-type: none"> <li>- All Deposits (including reversals of insufficient funds transactions)</li> <li>- Preauthorized transfers established by you from other Eastern Bank deposit accounts</li> <li>- Transfers authorized by you from another account so the balance of the other account does not exceed the maximum set by you.</li> <li>- Transfers authorized by you from another account to maintain a minimum balance of for this account.</li> <li>- Transfers from a linked Balance Protection Plan or Cash Reserve Line of Credit to cover overdrafts.</li> </ul>	<ul style="list-style-type: none"> <li>- Deposits and transfers in are posted by transaction type in the order shown and then in ascending dollar amount (smallest to largest).</li> <li>- Deposits are marked "pending" until they become "available".</li> <li>- Availability varies depending on the type of deposit where it was made. For more information about when your deposits become available, see the Funds Availability section of this disclosure and your Personal Deposit Account Agreement.</li> </ul>
